

PALLET BANDS

ENVIRONMENTALLY FRIENDLY PRODUCT

Secure Your Palletised Product with Confidence while Delivering Cost Savings and Improving Material Handling Efficiency.

Pallet bands are an innovative and versatile solution for securing and stabilising pallet loads during storage and transportation. Unlike traditional methods such as stretch wrap or shrink wrap, pallet bands are reusable and provide a more sustainable and cost-effective option for businesses.

One of the key benefits of using pallet bands is that they can be easily adjusted to fit different pallet sizes and shapes, making them a highly versatile and adaptable solution. This flexibility also means that businesses can reduce the amount of waste generated from using single-use stretch or shrink wrap, which can be a significant cost saving in the long run.

Advantages

- Reusable unlike shrink or pallet wrap.
- Easy to use; one person application.
- Savings in labour and material costs.
- Versatile: Suitable for loads of all sizes and shapes.
- Reduction in single use packaging and waste.
- No fire hazard. Store pallets higher while allowing sprinkler systems to function properly when needed.
- Natural rubber is on the whole sustainable, biodegradable and recyclable.

Applications

- Warehousing: Keep pallets stable and prevent shifting during storage.
- Transportation: Protect your goods from damage during transit.
- Distribution: Safeguard your products during loading and unloading.
- Manufacturing: Secure raw materials or finished goods on pallets.

Options

Custom formulations for **Standard**, **Freezer** and **Outdoor** environments:

- Green - Standard Natural Rubber is best suited for indoor applications.
- Blue - Special Natural Rubber formulation that keeps it's elasticity in Cool stores and Freezers. Allows for faster cooling and easy reading of product barcodes.
- Black - Manufactured from EPDM, these are highly resistant to UV, Ozone, chemicals and extreme temperatures which makes them suitable for outdoor use.

Approx. Pallet Size (mm)	Part No.	Lay-flat (mm)	Width (mm)	Material	Colour	Use
900 x 1000 900 x 1220	PB1066-19NR	1066	19	Natural Rubber	Green	Indoor
1000 x 1220 1220 x 1220	PB1168-19NR	1168	19	Natural Rubber	Green	Indoor
1000 x 1220 1220 x 1220	PB1168-19NR-F	1168	19	Natural Rubber	Blue	Freezer / Indoor
1000 x 1220 1220 x 1220	PB1168-19EP	1168	19	EPDM	Black	Outdoor / Indoor
